The Financial Challenges Facing General Practice

We asked GPs and practice managers about the challenges facing general practice. Their responses highlighted a number of concerns and we are starting to work on the recommendations to address some of the most pressing issues.

Is Your Finance Department Accredited Yet?

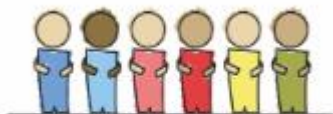

There are three levels of accreditation; each reflects continuous development of the organisation's finance function with level three recognising the highest standards and commitment to the development of the finance team.

Can you support your department in gaining level 1 accreditation today?

MAKING PEOPLE COUNT

Future-Focused Finance Brand

The FFF branding was updated in January so make sure that you have updated any existing materials to include the new logo!
