

FUTURE-FOCUSED FINANCE DIVERSITY BULLETIN

WELCOME TO THE FIRST DIVERSITY BULLETIN FROM FUTURE-FOCUSED FINANCE. **DO YOU KNOW SOMEONE WHO WOULD BE INTERESTED IN RECEIVING THIS? IF SO, PLEASE FORWARD THIS ON.**

READING TIME ...LESS THAN A MINUTE

We all know diverse organisations perform better and have better staff engagement than less diverse organisations. This is demonstrated in countless studies but those that work in diverse teams don't need empirical evidence to tell them how rewarding and beneficial integration can be. They feel it and experience it.

Every month this short update will land in your inbox, as long as you subscribe to the mailing list, sharing information on what we are currently working on, what you can get involved in and attend, or other useful information that we think should be promoted and shared.

We need your help in pushing conversations on diversity to all NHS Finance staff. This means everyone. **So please share this and subsequent bulletins with your teams and please do encourage your staff to opt-in to the distribution list.**

Let's start by making the conversation inclusive and available to all!

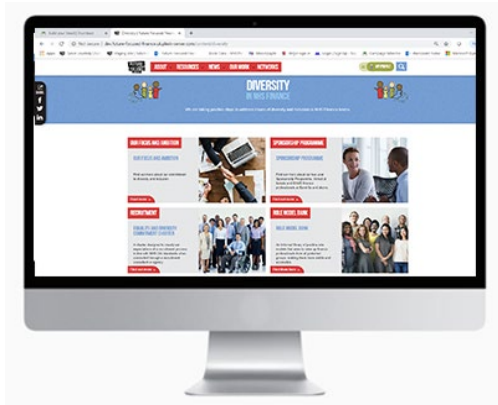

Edward John, FFF Diversity Lead
Director of Operational Finance, Frimley
Health NHS FT

DIVERSITY FORUM

HOW YOU CAN MAKE A DIFFERENCE

9 JULY 2019, LONDON

This event will focus on exploring and sharing practical ways in which you can start making a difference at your organisation, in regards to equality and diversity. Find out more and how to book here.

WEBSITE UPDATE

As part of a new marketing and communications piece for this work-stream, we have updated our website to now include lots of new and interesting diversity and inclusion content such as; video interviews, downloads, frameworks, useful signposting, and blogs. We'd love to know what you think - check it out using the link below.
