ASPIRING FINANCE LEADERS

DEVELOPMENT PROGRAMME

FOUR DAY REGIONAL PROGRAMMES

Identifying, growing and developing our best talent to be the NHS finance leaders of tomorrow is a key priority for Future-Focused Finance and the reason that we have established the Senior Talent Management Programmes and Networks.

As part of the Aspiring Finance Leaders Regional Networks (for Band 8C and above) we have designed a free 4-day development programme to support existing finance leaders who are already in senior roles to develop their skills as they move towards working at director level (or equivalent) over the next 3-5 years. The programme has been developed around the FFF Behavioural Skills Framework and Four Strengths and will be run over 4 days, including 2 residential stays with networking dinners.

Programme Objectives:

- Making the move from line manager to leader
- Selling the vision, creating a compelling story re change

- Creating the team culture that embraces the future of NHS Finance and brings the whole team along
- Gaining confidence re having difficult conversations and making a stand for what is right
- Encouraging and creating the environment for innovation and new ideas to flourish.

The programme overview can be found by [clicking here](#).
